Cameron Water In Plentiful Supply But Pumps Inadequate

Water rationing is the subject of the day in towns too numerous to mention throughout the country. In Cameron, with the Little River, that according to engineers sends more water gulfward annually than does the Mississippi and with a guaranteed supply from the Bell County dam there is plenty of water "available" to Cameron.

BUT the inadequacy lies in pumps and antiquated eight inch lines which are being taxed daily to their capacity plus. By exceeding the pressure capacity in the past few weeks the lines have burst on three occasions says Water Superintendent Hefft.

Capacity in a twenty-four hour period is 1,350,000 and the demand grows daily.

We have pumps on stand-by for fires, explains Councilman Thompson, and we don't anticipate any steps toward rationing because the low pressure that will be experienced during peak hours will

take care of the rationing automatically.

Any citizens interested in a water survey report of the Joe Rady Company of Fort Worth may appear at Council meeting next Tuesday night, July 24 and they will get a first hand account of the condition of the Cameron supply Thompson said and we of the council sincerely hope that the citizens will take the intelligent approach of finding out just what they have from an impartial source and not wait or complain about the lack of water supply which will inevitably occur if nothing is done.

New customers are being added daily with twenty five connections in the last three weeks said Superintendent Hefft.

Election To Electoral College A Distinct Honor To E. A. Camp

The honorable E. A. Camp of Rockdale was recently named as elector from the Eleventh Congressional District for the 1956

E. A. Camp

presidential election in November. Mr. Camp has practiced law in the city of Rockdale for nearly a half century and is well known over the state for his estimable ability as an attorney. He has served his native city as city attorney for many years.

Mr. Camp has been a member of the Milam County Democratic Executive Committee for many years and has been and is a stalwart and true Democrat. "His services as a member of the committee are of great value and members of the committee respect and admire him for his ability," said Chairman Max McClaren.

At a recent meeting of the Milam County Democratic Committee the following resolution was presented and adopted honoring Mr. Camp:

A Resolution
WHEREAS, the Honorable E. A. Camp of Rockdale, Texas has served as a member of the Milam County Democratic Executive Committee for more than 30 years and,

WHEREAS, he has been a true and devoted Democrat all his life and,

WHEREAS, his service has been with distinction and has brought honor to the Committee and to Milam County and,

WHEREAS, his election to such position is a distinct honor to him and this County and,

WHEREAS, the Milam County Democratic Executive Committee desires to express its appreciation to him for his long and faithful service and to commend him for having received this honor.

NOW, THEREFORE, BE IT RESOLVED by the Milam County Democratic Executive Committee in regular session that the appreciation of the Committee be expressed to the Honorable E. A. Camp and that he be commended upon his recognition by the Democrats of this District and his election as elector from the 11th Congressional District and further that a copy of this resolution be presented to him and that copies thereof be delivered to the newspapers of Milam County, Texas.

Mrs. Norris Brady and daughter, Debra Ann of Waco spend Saturday night visiting in the home of Mr. and Mrs. Driple Isaac.

Luck Charm Tossers Tourney Tuesday Night

A Horseshoe pitching tournament for teen age boys in the city school recreation program will start on Tuesday night July 24.

With enthusiasm running higher among teenage boys in horseshoe pitching the tournament will be held to determine the city champions in both singles and doubles. Boys should be at the stakes on the East side of the Gym by 7 o'clock on Tuesday, July 24.

Cameron has some of the finest young horseshoe pitchers to be found anywhere says Leo Jackson director of summer recreation. He asks all boys who want to pitch the "Good-luck" charm to come out and see who the champion will be.

Lt. Yager In Famed "Typhoon Chasers"

First Lieutenant Billy J. Yager, Route 2, Cameron, recently joined the famed 54th Weather Reconnaissance Squadron here.

Lt. Yager came to Guam from Harlingen Air Force Base, Texas, where he served as a weather forecaster. The Yoe high school graduate serves as a weather observer in his present assignment. His duties include compiling and recording data during flights on standard tracks, or special missions into tropical storms, cyclones, and typhoons.

The squadron is known throughout the Western Pacific and Far East for its typhoon reconnaissance work which annually results in huge savings of lives and property through advance warnings of these storms from information gathered by the "Typhoon Chasers."

Yager's wife and two children are here on Guam with him.

Leo Jackson Given Rousing Confidence Vote By Board

Following criticism of the purchasing of athletic gear in the past by the Cameron School District the company of W. A. Holt of Waco was suspended from the list of suppliers of Cameron's athletic needs in the future. Following the order of suspension the school board, gave Athletic Director Leo Jackson a full vote of confidence. Jackson had assured the board of his intention to support any and all actions of the board and to make the Superintendent a "good hand." Earl Curtis assured the mentor of his one hundred percent support and this was concurred in by Don Humble while Max Howard assured him of his good will. After investigation of some of the practices of the sporting goods company of Waco the action was taken to make no further incidental purchases, in the near future, from them but to include the company on the list of potential bidders on large orders.

Mrs. Faulkner, Nee Sally Coleman Dies At Hillsboro Home

Mrs. W. T. Faulkner, the former Sally Coleman and wife of a Hillsboro dentist, died Tuesday at her home in Hillsboro. She had been ill for several years.

She was graduated from Baylor University, where she was a charter member of the Little Theater. For several years after her graduation she taught school at Whitney.

She was married to Dr. Faulkner in 1930 and since 1940 had lived in Hillsboro.

Mrs. Faulkner was active in district and state federated club work. She was a member of the Sesame Club, the Hillsboro Country Club and the First Presbyterian Church and was a past president of the district dental auxiliary.

She is survived by her husband; her mother, Mrs. J. W. Coleman of Curro, a brother, James L. Coleman of Bay City, and a sister Mrs. Earl Evers of Curro.

Funeral services were held at the Marshall and Marshall Funeral Chapel at 10 a.m., Thursday, July 12. Burial was in the Ridge Park Cemetery.

Air Conditioned Comfort Of Presbyterian Church Assured Donors

Bloodmobile Makes Return Visit To Cameron Tuesday

The Red Cross Bloodmobile will be in Cameron Friday, July 20th to receive donations of blood for use by Milam county residents. The blood receiving room will be in operation from 10:00 a.m. to 4:00 p.m. It will be located in the air conditioned basement of the First Presbyterian church, thus enabling donors to be completely comfortable while giving blood to save lives.

The quota for this visit will be a minimum of 70 pints. It is imperative that the quota be reached in order that there will be sufficient blood on hand to care for the needs of the residents of our county.

Rev. John Solomon, chairman of the recruitment committee, emphasized that any resident of Milam County is entitled to receive blood when ever they need it and in any quantities required FREE, except for a nominal hospital charge for actual administration, by virtue of the donations made when the bloodmobile visits our city. Last year 561 pints of blood - one pint every fifteen hours of the year was furnished to Milam County residents through the Red Cross Blood Program. This was

ty, and to make the cost of providing it to recipients as economical as possible.

Visibility Zero As Coryell Dust

Envelopes Guard Tanks At North Hood

Training for the officers and enlisted men of Milam County's National Guard unit, Battery C, 649th Anti-aircraft Artillery Battalion moved along at a fast pace as it reached the middle of the first week, it was reported from North Fort Hood where the unit is attending summer camp along with other units of the 49th Armored Division.

On Wednesday, Thursday and Friday most of the Guardsmen were engaged in a big Battalion-wide RSOP - a reconnaissance and sifting of positions. M-42 tanks M-16 half-tracks, trucks, and jeeps moved out into some of

Fort Hood's most rugged terrain. On the tank trails they raised great clouds of dust that covered men and vehicles and at times literally out the visibility to zero.

Other members of Battery C were busy on the ranges in familiarization and record firing of carbines, sub-machine guns and rocket launchers.

It hasn't been all training activities for the Guardsmen, however. During their off-duty hours they have found time for athletics and members of Battery C helped to make up a 649th Battalion soft ball team that has won three victories in three starts. Early in the week they clobbered a 149th M P Company team 13 to 2, and on Thursday evening defeated the 648th Field Artillery Battalion by a 9 to 3 score. Sgt. Donald W. Culp, Sgt. James M. Thompson, SP3 John R. Culp, Pfc. John R. Cagney and Pvt. Johnny G. Geller were the players from Battery C. And on Wednesday evening, with Sgt. Culp pitching, they beat a 386th Armored Engineer Battalion team by 9 to 5.

Early in the week, also, a group picture was taken of members of Battery C who are employed at ALCOA in Rockdale. It will be used in the Company's magazine. Making up the group were eighteen Guardsmen. They included, Capt. James T. Terry, Battery C's commanding officer, Lts. J. C. Kinane and Gordon Simmons, Mgt. George R. Hollas, First Sgt. Peter F. Kunz, Sfc. Johnnie W. W. Eisenberg, Louis W. Hollas, Paul L. Sheguit, Thomas R. Sheguit, Robert R. Stanislaw, Sgt. Clifford T. Boswell, Donald W. Culp, Stanley R. Glaser, Albert J. Michalka, SP3 Charles W. Burnett, James B. Richardson and Pvt. Billie J. Haddox and SP3 William K. Leonard.

Surplus Foodstuffs Are Denied Milam's Hungry By Red Tape

Some 50,000 needy Texans have been added to the federal food relief rolls for a total will over 80,000 and expected to run considerably higher.

The sagging rural economy is a major factor in the rapidly increasing need for welfare assistance says W. M. Herndon, director of the Commodity Distribution Division of the State Department of Public Welfare.

The drought is considered to be only a contributing factor

while the steadily increasing cost of living, which is now equal to the previous all-time high of three years ago and still climbing is another major factor.

Herndon explains the U.S. Department of Agriculture food, all of which was purchased under federal stabilization programs, is available to the needy people of any city or county. All that is required to set up such an aid program is that the city or county officials agree to administer distribution of the food.

Herndon said the food help plan is favorably received by grocers in areas where it has been adopted. He said that grocers generally report the needy still spend about as much on food as they did before receiving government commodities but they spend it on green vegetables, meats, and other items that would improve their diets.

San Antonio grocers don't complain because "most of the needy people already owe big grocery bills before coming in for assistance. The people don't have any money so they can hardly be regarded as potential customers."

Many of the men receiving aid, when they had jobs, made only 50 or 75 cents or \$1 per hour. If he has a large family, as many do, he can't buy the necessities on that income Herndon said.

Forty-two Texas counties are availing themselves of the surplus commodities. Milam and Chero-

kee Counties have decided to start the program but their eligible lists are not yet listed since they have not as yet filed their intentions with the state department of public welfare.

The Milam County Commissioner's Court adopted the program in April and turned over the entire operation to the county judge. The judge however has seen fit to hold up actual operation of the program in Milam County until such time as new government regulations might conceivably be passed which would simplify the book-keeping by allowing all eligible to receive exactly the same amount. This would make operation of the plan less costly to the county.

The counties and cities currently issuing U.S.D.A. commodities and the number of needy persons in each, many of whom have been receiving the aid since 1953 are as follow: Angelina, 132, Atascosa, 4,635; Bee, 1158; Brooks, See SURPLUS on back page

Must Form Water District-Raise \$50,000

U. S. \$628,000 Ready For Brushy Creek Flood Control Project

The directors of the Brushy Creek Watershed Association and the supervisors of the Taylor Soil Conservation District have been notified that the proposed flood program for Brushy Creek has been approved and that \$628,000 of Federal funds have been appropriated to get the work started. By approving this project the Federal Government has agreed to appropriate and spend \$5,244,395 over a ten year period to complete the project. Under this program the people in the watershed will be required to contribute \$435,000 for the cost of construction of the retarding structures and channel improvement work and in addition will have to install all the land treatment measures on the watershed.

The directors of the watershed association were also informed that before any of the \$628,000 of Federal funds could be spent that the people in the watershed would have to organize a water improvement control district and raise their share of funds to match the have to organize a water improvement \$628,000 which would amount to approximately \$50,000. It was also emphasized that it was very important that this be accomplished by January 1, 1957, because, unless the Soil Conservation Service can be assured by that time that the appropriated funds can be used by June 30, 1958 that in all probability the funds will have to be transferred to another watershed that is ready to begin work.

O. J. Thomas New Band Uniform Fittings Today

All O. J. Thomas Band Students next year are to meet Thursday, July 19 (TODAY) at 1 p.m., at the school for the purpose of being fitted for band uniforms.

Band Instructor Nathaniel Grace, who is employed in Houston for the summer, will have to take off from his job and make a hurried trip to Cameron for the meeting therefore it is urgent, stated Principal H. K. Harnsberry that all students be present at one o'clock today at the O. J. Thomas school, if they are to have properly fitted uniforms.

The directors of the Brushy Creek Watershed Association have taken action to immediately take the necessary steps to get the water improvement control district organized and to work out plans to raise the \$435,000 required to match the Federal fund over a ten year period.

The watershed protection and flood prevention program for Brushy Creek will consist of 58 flood retarding structures installed over the watershed, approximately 42 miles of channel improvement work and complete conservation treatment on all the land in the watershed.

The Soil Conservation Service has the responsibility for carrying out the watershed protection and flood prevention program which consists of making the engineering survey, planning the flood prevention program and supervising the installation of the work. Soil Conservation Service technicians are made available to landowners in Brushy Creek watershed through the Taylor Soil Conservation District to give the landowners the assistance needed to get the land treatment measures installed on the land.

Buckholts Man Brings In First Matyastik Bale

M. E. Mitchan of Buckholts, Rt. 2, brought in the first bale of cotton handled by the Matyastik Gin in Cameron Monday at 7 p.m.

The \$35 pound bale was picked off seven acres according to J. L. Marak, bookkeeper of the firm, and the balled cotton brought \$30 pounds of seed from the 2000 pounds brought in.

Cameron Saddle Club's Second Annual Horse Show Friday Night At Yoe Field

A gaited horse show at Yoe High Stadium Friday night beginning at 8 p.m. will top off the second annual horse show of the Cameron Saddle Club.

The night show will follow a street parade at 5 p.m. and the afternoon quarter horse show in

the club's own leased quarters in Wilson-Ledbetter Park, beginning at 2 p.m.

Ground rules for the quarter horse show are that the horses must be on the grounds and registered by 1 p.m. Friday. The club advertises plenty of shade for the horses. The entry fee is \$3.00.

Registered quarter horses at halter with papers required will be shown in classes of four ages: 1956 to 1953 and older mares and '56 to '53 stallions and older, also geldings of all ages and reining class for registered quarter horses only.

Grand entry at Yoe Stadium will be at 8 p.m. with 12 events scheduled. Trophies will be awarded in each class at the night show.

The events to be staged for the public, with an admission fee of .50 cents for adults and children under 12 free will be as follows:

1. Children under 12 (Horse under 14 hands, Western Equipment)
2. Children 12 to 16 Western Equipment
3. Shetland Pony Class 46 inches and under 4. Palomino Stallion, mares and geldings at halter 5. Ladies pleasure class-open 6. Tennessee walking horses-English equipment 7. Appaloosa at halter 8. Western couple class-riders opposite sex, judged on matched horses, trappings, costumes 9. Shetland in harness 10. Plantation - Western 11. Ladies Barrel race 12. Men's barrel race.

Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths. Proverbs 3: 5-6.

Lord, we ask for guidance for this day. Hold us by the hand that we may neither stumble nor stray in Jesus name. Amen.

Two Council Members Vote Discontinuance Of Own Pay

Upon motion of Councilman Lincoln Mondrik at Tuesday night's session city council and mayor will now be paid legally, as in the past, for their services at the rate of \$25 per month for council members and \$70 for the mayor. The charter calls for such action.

The pay bill had been tabled on two occasions by members who sought to garner support for the idea of doing away with pay for council.

Councilman Charles Brady announced, immediately following the motion by Mondrik, that he has not accepted the \$25 per month proffered him in the past and that his intentions, regardless of the outcome of the vote was to continue to refuse any payment for his services on the council. Clifford Thompson concurred with Brady in opposition to the motion but it carried with the vote of Mondrik, Stidham and Griffith.

Mayor Weems said "Nobody gets too much for the time put in." This thought was concurred in by Councilman Stidham. Thompson brought out the point

upon which he and Brady had been basing their "campaign" by stating "We feel that elimination of the more or less token payment would open the way for business men to announce for the office without the embarrassment of being put in the position of doing a civic duty for such a pittance." Councilman Brady, in discussing his views on this matter out of council, concurred in Thompson's expressed views.

The city will purchase a "Unit Tax System" accounting machine subject to advertisement for bids on a machine the equivalent of the Burroughs system proposed by a representative, J. T. Chamberlain before council Tuesday. Six month's delivery was all that could be promised by Chamberlain and he stressed that if council took the action which it took in ordering his company to begin planning a system for Cameron that the order could be recinded later, for any reason, including the purchase of the equipment from another company following advertisement for bids. The Bur-

roughs machine with the printed material especially designed for Cameron will cost in the neighborhood of \$5,000. The system is in use in Temple, Belton and of course many other towns, too numerous to mention.

The Parson's Motorola Communications and Electronics, Incorporated of Dallas had a representative present upon invitation of Chief of Police Willie Dolan, to tell council of the Civilian Defense set-up wherein the government agency would pay one-half of all costs involved in placing a base station and as many mobile units as the city saw fit to buy. He further explained that the contract with Civil Defense had no more "strings attached" than did the FCC in granting a license. Civil Defense would take over the equipment in time for disaster in the area and that is all, said the representative, contrary to rumor that CD would require around the clock operation of the equipment, regardless of the desires of the city. See COUNCIL on back page

Texans To Fiddle While Crops Burn

Fiddlers throughout Texas will settle the Texas State Championship in Paris, Texas, August 20-25 at the annual Red River Valley Exposition.

Entries are now being accepted to the Texas Championship Fiddlin' Contest, contest officials announce.

Musicians in the Cameron area were extended an invitation to participate in the contest by Roy Glenn, Paris, chairman of the event which will highlight the week-long Exposition.

The champion will receive \$200 first prize cash. A total of \$500 in prize money will be offered, including \$50 per night in the nightly elimination contests scheduled August 20 through 24. The Grand Prize and \$50 Second Prize will be awarded when night show winners return on the final night, August 25, for the championship round.

Music will be judged on "break down" tunes only by a panel of experts. The applause meter will not be used. Any age person may enter the contest, "from 1 to 105".

Professional musicians, who earn over half their income from playing music are not eligible.

Entry blanks may be obtained from the Chamber of Commerce in Paris or from your local radio station—entries to be mailed to the Chamber of Commerce of Lamar County, Box 194, Paris, Texas.

Any number of musicians may accompany the contestant.

Glenn explained there is ample camping space for visitors on the Exposition grounds.

Early arriving fiddlers may have a chance to break the world's endurance record for playing the most number of hours without interruption. Plans call for a musician to establish the record a couple of weeks before the Exposition opens.

Infestations of brush are robbing many pastures of badly needed moisture in the Little River-San Gabriel Soil Conservation District.

Brush requires approximately four times the amount of water to produce one pound of dry matter in comparison with that required to produce one pound of grass dry matter.

In addition brush uses minerals and plant nutrients that would otherwise be used for the production of grass.

Brush control is divided into two methods, mechanical and chemical. Mechanical methods are bulldozing, root-plowing, chaining and

VA Places Burden Of Estimating On G. I. Lender, Builder

Lenders and builders in the GI loan program should make sure that reasonably accurate tax estimates are given to veteran-buyers and reported to the Veterans Administration, Dr. George T. McMahan manager of the Waco VA Center, said today.

In some areas of the country, Dr. McMahan said, lenders and builders have erroneously estimated the real estate taxes and special assessments when negotiating with veteran-buyers and when submitting loan applications or loan reports to VA.

Through this practice, Dr. McMahan said, the veteran-homeowner is faced with meeting a substantially higher monthly pay-

ment shortly after closing the loan than he originally was informed he would have to pay.

In some cases, Dr. McMahan said, this increased payment is so much higher that, if it were known prior to approving the loan VA would have rejected the application because of insufficient income.

The loan also might be placed in jeopardy due to the borrower's inability to meet the increased payment, Dr. McMahan added.

VA believes it is the duty of lenders and builders to make accurate estimates of real estate taxes and assessments, even though the exact amounts are not known at the time the properties are sold. Accurate estimates may be obtained by making inquiry of local taxing authorities and by comparing similar properties in the locality, Dr. McMahan added.

On April 11, 1950, the Navy accepted its first submarine, the USS HOLLAND, named for its builder, John Phillip HOLLAND.

LITTLE RIVER PHILOSOPHER FAVORS WATER PIPED OVER THE COUNTRY FROM THE SEA WITH 1 PROVISION

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River apparently has water on his mind, or brain, as you prefer, his letter this week indicates.

Dear editor:

While coming back from town the other day I found a newspaper some roadside picnicer had used to wrap his lunch in, newspapers are a lot better and a far

cry from the models we used to get 25 years ago even if they aren't any more ant-proof now than they were then, and I brushed the crumbs and the

ants off and brought it on home with me and headed straight for a shade tree in the pasture without going by the house, women have no sense of intellectual values and consider household chores like patching the floor or emptying the garbage as important as mental nourishment.

I hadn't been reading long when I ran across an article that got my mind off the international situation and down to common ordinary living.

According to it, the time may come when man will whip the water shortage situation, not by producing rain but by figuring out a cheap way to eliminate salt from sea water and piping the stuff inland to wherever a dry spot shows up. Have a network of pipe lines running all over the country.

According to the expert making this prediction, it may be around 1990 or the year 2000 before this takes place, and while I don't believe my crops can hold out that ought to be giving some thought to the matter and while I'm waiting on a rain and don't have anything else to do, that's what I've been doing.

As I see it, say they get the inch water pipe running by my farm ready to turn on and make the present crop surplus look like the sixth year of seven years of want in Egypt. This will be fine, except that some bureaucrat will come along and put in a water meter just ahead of my hydrant, with the result that all the fun will be taken out of turning it on and financially I'll be broke with green crops instead of broke with dry ones.

Before this pipe line network gets started, while it's still in the talking stage, is the time to get Congress to outlaw the water meter. Freedom of the seas has got to be brought inland, all the way to my farm. I think you ought to get our Congressman to working on this right now. Time is short. You've got to consider how long it takes Congress to thrust out a problem.

Yours faithfully,

Army Brass Calls 49th Armored TNG Divvy "Excellent"

Field training of the 49th Armored Division, Texas National Guard, is "very excellent," according to first impressions of Army inspectors.

"The division is making progress every day," said Colonel with the division officers have been very fine," he added. "When an inspector notes a deficiency, Marion G. Williams, president of the inspection board looking over the division. "Our relations the unit commanders have shown a very cooperative attitude and have been very prompt in correcting the situation."

The Lone Star division, which numbers among its troops nearly 10,000 civilian soldiers of 114 units from 55 Texas cities, is winding up its first week of summer field training. The division will cap off a two-week encampment, here on this sprawling Army post with maneuvers next week. The division heads toward home stations July 22.

Col. Williams, who in his regular assignment is division training commander in the 4th Armored Division, said the 49th was getting the best ratings in operation of messes, policing of areas, cleanliness of quarters, and conduct of range firing. Lack of supervision and attention to small details were noted by Col. Williams as the two things hurting any ratings. Only one unit however, has received an unsatisfactory rating in the first few days of training.

The 149th Military Police company, of Austin, was picked for a special pat on the back for "efficiency in handling traffic and for outstanding military courtesy."

"I think your MPs would stack up against a regular Army MP unit," Col. Williams told division officers.

Recruit training is "going very well", inspectors noted. Some 900 "rookies" are being put through basic training in about a week's

time. Their instructions compare to the 17 week program given Army recruits.

The 10-year-old 49th Armored division is commanded by Major General Albert S. Johnson of

Fords Witness Army Citation Award At Fort Sam Houston

Mr. and Mrs. Joe Ford visited in the home of Chief Warrant Officer and Mrs. J. C. Cosby in San Antonio last week, to witness the award of the Army Commendation Ribbon with Metal Pendant to CWO Cosby at Fort Sam Houston.

The award was made by Lt. General Collier, Fourth Army Commander, and the ceremony was attended by a large group of military and civilian personnel stationed at Fort Sam Houston.

The riding habit of the British Duchess of Bedford was the original inspiration for the blue of the Navy uniform.

In April, 1776, the Massachusetts Council passed a resolution providing for the first American naval uniforms of which any record can be found.

The world's first nuclear-powered vessel, the USS NAUTILUS, got underway at Groton, Connecticut, on January 17, 1955. Already the second atomic-powered undersea craft, the USS SEAWOLF, has also been completed.

Double Rings Unite Miss Mabel Tyson, Clarence Dodd

Miss Mabel Ruth Tyson and Clarence Dodd were married July 7 at 8 p.m. at the Maysfield Methodist Church. The double ring ceremony was performed by Rev. Comer Alden of Minerva.

The altar of the church was flanked with baskets of white gladioli and candelabra. Miss La Nette Thweatt of Branchville, organist, played "I Love You Truly," "The Lord's Prayer," and "Wedding March." Soloist was Miss Wanda Small of Cameron singing the first two selections.

The bride, given in marriage by her brother, Frank Tyson wore a ballerina length white taffeta dress with short sleeves and boat

neckline trimmed in seed pearls. She wore lace glovelets and a white lace cloche hat with short illusion veil. The bride carried an orchid on top of a white bible.

Matron of honor was Mrs. Frank Tyson of Kingsville, Texas. Miss Inez Dodd of Clarkson served as bridesmaid. Flower girl was Miss Judy Simmons of Cameron, wearing a blue nylon dress and white flowers in her hair.

Best man was Alvin Lee Dodd brother of the groom of Clarkson. Charles Burnett of Jones Prairie served as groomsman. Ushers were Jack Massengale of Freeport and Wayne Thweatt of Maysfield.

A reception was held at the Maysfield Methodist Church which was decorated in white gladioli.

The brides table was covered with a lace cloth over pink and centered with an arrangement of assorted flowers. A double wed-

ding ring cake, decorated in yellow and trimmed with white flowers was served by Peggie Weather of Maysfield.

Miss Barbara Simmons of Cameron poured punch while Miss Linda Massengale of Freeport served at the bride's book.

The bride's mother wore a blue silk dress with white accessories.

For the wedding trip the bride chose an antique gold silk suit with white accessories.

For the wedding trip the bride chose an antique gold silk suit with black accessories.

Mrs. Dodd, daughter of Mrs. Murfee Tyson of Maysfield is a 1956 graduate of Yoe High School.

Mr. Dodd, son of Mrs. V. D. Dodd of Clarkson attended Yoe High School and is presently employed with the Convair Aircraft Co. in Fort Worth.

Our-of-town guests attending the wedding were Mr. E. L. Massengale and Linda of Freeport, Edward Trochta of California, Sue Ida Smith of Kingsville, Mr. and Mrs. Tony Vrotsos of Ft. Worth, Mr. and Mrs. Joe Morris of Waco, Mrs. John R. Simmons of Cameron and Mrs. Julia Brod and Mrs. Jackie Ingram.

Mr. and Mrs. Dodd will be at home in Fort Worth.

Troth Of Opal Nora Schwarz Announced

Mr. and Mrs. Preston Schwarz of Route 3, Rockdale, announce the engagement and approaching marriage of their daughter, Opal Nora, to Lester Hanke, son of Mr. and Mrs. Ernest Hanke of Route 2, Rogers.

The wedding will take place on August 25.

Mr. and Mrs. Forrest Sapp and son, Ricky spent several days last week with Mr. Sapp's parents in Wills Point.

Mr. and Mrs. John A. Florida and family are vacationing this week with relatives in Houston and Sour Lake. They plan to go to Tampico, Mexico before returning to Cameron.

Personal.

MRS. LEROY VEAL BOWLEY, now at home at 1814 West 24th Street in Houston was married on June 30 in a candlelight ceremony at Bethel Temple Church in Houston.

TSCW-A&M Exes Family Picnic At Country Club

The Milam County Alumnae Club of Texas State College for Women at Denton is sponsoring a picnic for its members and their families at 6:30 Tuesday, July 24 and has invited as guests the members of the Milam County A and M Exes and their families.

The picnic will be held at the Cameron Country Club. Each family is asked to bring their picnic lunch. Cold drinks will be furnished by the hostesses for the evening. Mrs. Andrew Esslinger of Cameron and Mrs. Susie Beasley of Rockdale.

There are play facilities on the grounds of the Club for the children.

Anyone who has attended either college for any length of time is invited the hostesses said.

Lucas Family Returns From Northern Trip

Mr. and Mrs. W. H. Lucas Sr. returned Friday from a three week vacation trip through the Black Hills of South Dakota, Yellowstone Park, Denver, Boulder and Colorado Springs.

With them was Mrs. A. W. Lucas and children, Mary and Sonny of Dallas.

In North Dakota they visited relatives of A. W. Lucas.

Milano Event Is Haddox-Hayman July 8 Nuptials

At the First Methodist Church of Milano Miss Lanell Haddox was married to Clarence Hayman on Sunday, July 8, in a double ring ceremony performed by Rev. Richard Spinn.

Don Bullock was organ accompanist as Mrs. Curtis Miller sang

"I Love You Truly," and "Because", in a church decorated with floor baskets of white gladioli and banked with palms.

The bride, dressed in a ruffled net over antique taffeta, with ruffles of net and lace alternating at the bodice was lace with long sleeves coming to a point over the hands and fastened with tiny self covered buttons, a high neck with Peter Pan collar, full gathered skirt with ruffles of lace and net from the waist to the hemline and worn over crinolin, was given in marriage by her father.

Her circular veil of illusion fell from a crown of pearls and orange blossoms. She carried a bouquet of white carnations centered with orchids. Her maid of honor, Miss Jean Martin wore a dress of powder blue net over blue taffeta which had a fitted waist and full gathered skirt with ruffles of net from the waist to the hemline. She wore a matching headpiece of blue flowers.

Billy Joe Haddox, brother of the bride was best man. Ushers were E. C. and Ronald Westbrook of Milano.

Immediately following the ceremony a reception was held on the Haddox lawn. The bride's table was laid with a lace cloth and centered with a four tier confection topped with a bride and groom. The wedding flowers were used as decoration for the table, the cake rested on a reflector and a bed of net and lace.

Mrs. Jimmie Haddox of Hearne cut the cake and Mrs. Homer Haddox served the punch. Mrs. Evelyn Simmons presided at the guest register, entering more than 100 names.

Mrs. Hayman chose a light blue linen suit with white accessories for going away attire. She wore blue garters and a penny in her shoe. Mrs. Hayman is the youngest daughter of Mr. and Mrs. Lewis Haddox and Mr. Hayman is the son of Mr. and Mrs. J. L. Hayman. Both families of Milano and the couple will make their home in Milano after a wedding trip to New Orleans and points in Alabama. The bride's mother wore dark blue sheer dress with white accessories. Mrs. Hayman, mother of the groom wore a dress of pink, tucked nylon. Each of the mothers wore a corsage of white carnations.

Tracy-Duncan H. D. Club Has Shower For Member

The Tracy-Duncan H. D. Club met with Mrs. Otis Charles Wednesday afternoon. After a short business meeting a stork shower was given for Mrs. Bill Bartlett, the former Miss Ruth Reichert of Cameron.

The club will meet with Mrs. Lanza Caffey Sr. on Wednesday July 18.

Edna Vybiral's Troth Revealed By Parents

Mr. and Mrs. A. E. Vybiral Sr. of Cameron announce the approaching marriage of their daughter, Edna Marie to Mr. Bobby Rutherford, son of Mr. and Mrs. E. Rutherford of Rockdale.

The wedding will be performed at St. Joseph Catholic Church in Rockdale on Wednesday, July 25 at 9 a.m.

Janet Laffere Of Sharpe Celebrates Sixth Birthday

Janet Laffere, daughter of Mr. and Mrs. Leon Laffere, celebrated her sixth birthday at her home near Sharp Sunday afternoon.

Janet had two birthday cakes. One was topped with a doll with green icing forming a skirt. The other cake was pink trimmed with "Happy Birthday to Janet."

Plate favors were balloons, candy, bubble gum and whistles. Mrs. Laffere served refreshments of ice cream, cake and punch to the guests.

Mrs. John Conn will leave in August for Nurnberg, Germany, where she will join her husband who has been stationed there with the U. S. Army for the past two months. The Conn's will live in Germany for two years.

Mrs. Conn is the daughter of Mrs. Ivie Blockman, 509 South Burleson, Cameron.

Miss Barbara Macon, now the proud possessor of a Texas Driver's License and a diploma from Yoe High School will attend Mary Hardin Baylor in the fall. She will commute.

DELTA GAMMAS OF THE UNIVERSITY OF TEXAS are shown here striking a pose at a convention of the sorority held at Chateau Frontenac in Quebec, Canada from June 27 to July 1.

Miss Jane Henderson of Cameron, who is president of the women's organization at the University and two of those in the picture, Misses Rusty Stallings and Nancy Pfluger went to the conclave in a car by way of Arkansas, Tennessee, Kentucky, Ohio, Pennsylvania and West New York into Quebec and returned by way of Hartford, New York and Washington D. C. for a sightseeing tour.

Those pictured left to right in the back row are: Rusty Stallings of Terrell, Texas; Sondra Rees of Odessa; Janie Baugh, Glendale, California; Mrs. Anna Marie Caswell an Alumnae delegate of Austin. SEATED left to right are Nancy Pfluger, Taylor, Texas; Patsy Ludwig of Austin; Celia Zant of Midland and Jane Henderson.

MH Baylor Workshop For Elementary Teachers Planned

Miss Josephine Crossfield, representative for the Economy Company of Oklahoma City will conduct a workshop for elementary teachers July 30, 31 and August 1 at Mary Hardin-Baylor College. The workshop will consider the subject of Phonetic Keys to Reading and will include training in audio-perception, the application of phonetic analysis, and the use of reading for meaning.

Teachers desiring to register for the workshop may do so at the college. The sessions will meet at 9 a.m. and 2 p.m. each day in Presser auditorium.
No registration fee is required and noon meals are available at the college dining hall.

F.H.A. Loans Total Over \$175 Thousand During Fiscal Year

Farmers in Milam and Burleson Counties obtained loans totaling \$176,070 through the Farmers Home Administration during the year ending June 30, 1956, Roy M. Wright, County Supervisor, said this week.

Credit has been advanced to buy feed, seed, fertilizer, equipment, livestock, and other farm operating items needed to place farms on an efficient operating basis, and to buy and improve family-type farms. Funds were also advanced for soil and water conservation purposes and to

meet emergency needs.

The local Farmers Home Administration committee must approve each loan application before funds can be advanced. The committee determines all loan applicants' eligibility and certifies the value of farms to be purchased or improved if those actions are involved. It also makes recommendations on loan approvals and servicing actions.

Applicants are approved as eligible only if other lenders cannot adequately supply their credit needs and only if prospects are favorable for their being able to improve their farming and repay their loans.

Families are expected to refinance their loans with other lenders as soon as they are in position to do so.

Cameron Students Degree Candidates At Sam Houston

Two Cameron students, Andrea Brady and William J. Michalka, Jr., were named last week among candidates for degrees at Sam Houston State Teachers College, Huntsville.

Miss Brady, an elementary education major, is a candidate for the Bachelor of Science degree. Michalka is a graduate student in physical education. He is a candidate for the Master of Arts degree.

Currently 208 candidates have filed for degrees at Sam Houston, 93 for post-graduate degrees. Commencement exercises will be held August 24.

Robert Fulton, inventor of the steamboat, built 2 or 3 submersible warships, one of which was known as the NAUTILUS.

Mrs. Joe Friemel Dies At Home Of Son Thursday

Mrs. Joe Friemel, 77, died at the home of her son Rudolph Friemel, Rt. 1, Cameron, Thursday morning July 12.

Born in Germany, Mrs. Friemel came to the United States when she was seven years of age. She made her home with her son for the past 31 years.

Among her survivors are: Three sons, Rudolph, Charles and Aug-

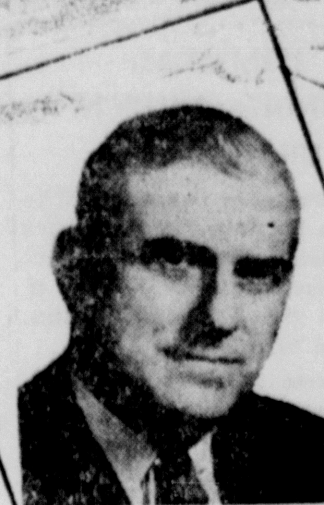

ust Friemel, all of Cameron and two daughters, Mrs. Mary Lorenz of Rogers, and Mrs. Frieda Smith of Cameron; twenty-one grandchildren and twenty three great grandchildren.

Funeral services were held at 3 p.m. Friday 13, at the Chapel of Green's Funeral Home with the Reverend P. L. Caperton, pastor of Battetown Baptist Church, officiating. Burial was at Burlington Cemetery.

Her grandsons were pallbearers.

There are more than 7 million items used in the construction of the complex modern submarine.

A Man Texans Know ... and Respect

(Political Adv. Paid by Ben Ramsey)

It's a Great Time to Buy a Buick!

Switch the Pitch - And you Zing like a Bird

You can do it only in a Buick.

Only with Variable Pitch Dynaflo* can you switch the pitch like an airplane pilot does. Only with Dynaflo can you get a safety-surge of extra power that's smooth as a soaring bird.

Only the newest version of Dynaflo gives completely smooth, swift acceleration—even at the first gas-saving inch of pedal pressure.

Trying is believing—this new 1956 Dynaflo is years ahead of any other transmission. And it's just one of the great new features that you're missing if you're still driving an older car.

So why wait for your present car to become another year older—and considerably less valuable as trade-in—when you can take advantage of today's prices? And enjoy a car so excitingly new?

Just look at Buick's new styling—styling that will still look fresh for years to come.

Just try the newest Buick ride. It's the steadiest yet. Based on deep-coil springs, deep-oil-cushioned shock absorbers, torque-tube drive, and a long list of new developments not even Buick has ever had before.

And to say that this is a great time to buy a Buick is really an understatement. Come see the sensible, down-to-earth prices of Buick's tremendous range of models. Come hear the deal we can give you.

It's our deal—for your pleasure. Come draw up a chair—we're ready whenever you are.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

AIRCONDITIONING at a COOL NEW LOW PRICE
It cools, filters, dehumidifies. Get 4-Season Comfort in your new Buick with genuine FRIGIDAIRE CONDITIONING

NOTICE

An ordinance establishing a speed limit of twenty miles per hour upon those streets adjacent to the schools of Cameron, Texas, between the dates of September first of each year and the first of June of the year following was finally passed at the Council meeting of July 17, 1956. Violation of the ordinance through excessive speed or operation of a motor vehicle in a manner other than is reasonable and proper is made a misdemeanor punishable by fine of not less than five dollars nor more than one hundred dollars. 16-21c.

ORDER of the MILAM COUNTY ROBERTSON COUNTY JOINT AIRPORT ZONING BOARD

WHEREAS, pursuant to the order of this Board dated May 17, 1956, there was created an Airport Zoning Commission which did on the 19th day of June 1956, make its preliminary report relative to the adoption of airport zoning regulations of Hearne Airfield, Hearne, Texas, between Milam County, Robertson County Joint Airport Zoning Board for the purpose authorized by Chapter 391 of the Acts of the Regular Session of the 50th Legislature of the State of Texas, 1947; and WHEREAS, public hearings were held by said Airport Zoning Commission on June 19, 1956, on said preliminary report, and thereafter, on the same day, did submit its final report to this Board; and

WHEREAS, it appears to this Board that Chapter 391 of the Acts of the Regular Session of the 50th Legislature of the State of Texas, 1947, requires that this Board hold a public hearing on said final report of the Airport Zoning Commission at which hearing parties in interest and citizens shall have an opportunity to be heard, regarding the airport zoning regulations proposed to be adopted for Hearne Airfield, Hearne, Texas: NOW THEREFORE, pursuant to the provisions of Section 5 of Chapter 391 of the Acts of the Regular Session of the 50th Legislature of the State of Texas, 1947, it is ordered that a public hearing be held before this Board on the 31st day of July 1956, at 7:30 P.M., at the City Hall, Hearne, Texas, for the purpose of hearing all parties in interest and citizens who desire to be heard on the final report of the Airport Zoning Commission proposing airport zoning regulations for Hearne Airfield, Hearne, Texas, to be adopted by this joint Board.

IT IS FURTHER ORDERED that this Notice be published in the papers of general circulation in Milam County and Robertson County.

This 28 day of June, 1956.

MILAM COUNTY, ROBERTSON COUNTY JOINT AIRPORT ZONING BOARD

Mr. Ed. F. Adams, 81, died in a Cameron hospital Monday afternoon.

He was born in Alabama October 16, 1874. He owned a shoe repair shop in Cameron for many years.

Services were held at 2 p.m. Tuesday at the Marek-Burns Funeral Home with Reverend Aubrey F. Russell officiating. Burial was in Oak Hill Cemetery.

Surviving Mr. Adams are his wife, Mrs. Ed Adams of Cameron two brothers, Walter Adams of Orange and Oscar Adams of Dallas.

Pallbearers were A. E. McFarland, Julian Baskin, Dr. Gus Evans Sr., Vaughn Jenness, A. Z. Fuller and Wyatt Wolf.

Honorary pallbearers are members of Woodmen Of The World.

Monroe Dees At Home Following John Sealy Visit

Monroe Dees, 36, has returned from John Sealy Hospital in Galveston to the home of his grandmother, Mrs. A. W. Bickett, in the Marlow Community.

In March Dees suffered an attack of mumps and following a complete examination, John Sealy doctors diagnosed his present condition as an aftermath of the mumps plus kidney infection.

Dees is very appreciative of the kindness shown by his many friends during his acute attack on Wednesday, July 4. He hopes to be out among his friends in a few weeks, but during his convalescence he would enjoy having his friends drop by his home for a visit.

Army Air Build Up Opens Career Opportunities

An expansion in the aviation program of the U. S. Army is opening additional career opportunities for men enlisting in the Regular Army.

Future expansion of the air arm calls for a strength of 2,400 fixed wing planes and 1,400 helicopters by 1960. The planes will have a value of about \$750,000.

When the buildup is achieved, the Army will have more than twice as many helicopters as all other military and civilian users combined.

To provide the maintenance and repairmen necessary to service the growing force, the Army is taking over Gary Air Force Base at San Marcos, Texas and Wolters Air Force Base at Mineral Wells, Texas, in the near future. An Army Aviation Depot plan calls for Fort Worth, Texas, to be one of four major depots in the nation.

Technical training in the maintenance and repair of both helicopter and light aircraft are among the courses offered by the U. S. Army. Qualified young men can enlist direct for this training, and receive a guarantee of attending the technical courses upon completion of basic training.

The U. S. Army recruiter, Sfc. Leo A. Dermody, 102 N. Main Street, Temple can supply de-

tails on enlistment in the Army's growing aviation program.

Waves Birthday Celebration To Be In St. Louis

More than 500 present and former WAVES from all over the nation are expected to celebrate the 14th birthday of the women's Naval organization at a reunion at the Hotel Chase, St. Louis, July 27-29.

Heading the list of visitors will be a distinguished array of women who have attained national prominence in various professional and educational fields. Also on hand will be the WAVE's present skipper, Captain Louise K. Wilde, for whom a reception will be held, Friday, July 27.

There are few formalities on the program, which has been drawn up to give the women three days of fun. Some highlights of this program are a visit to Grant's Farm, buffet dinner, attendance at the Municipal Opera, a visit to the Missouri Botanical Gardens and a trip on the river steamer Admiral.

In urging all present and former WAVES to join in the reunion, the National Committee pointed out that the United States ship on which the first woman served was turned over to the Navy in St. Louis on October 1, 1862. The vessel was the U.S.S. Red Rover, a Mississippi river sidewheeler which had been captured from the

Confederates and converted into a hospital ship. Navy nurses were assigned to it.

The Committee has requested that reservations be made at the earliest possible date with the WAVE Reunion Committee, Room 405, 911 Locust St., St. Louis, 1, Missouri.

From Your State Capitol Highlights & Sidelights

SHOTS CUT POLIO - State Health Department officials believe Salk shots enabled Texans to avert a bad polio year.

Pew-season incidence of polio, they point out, was unusually high this year - 224 cases as compared to 167 in 1955. But as the season progressed, immunization was stepped up. Since April 28 there have been only 269 cases compared to 375 in the same period last year.

"This would have been a major polio year," said one official. "Salk vaccine apparently is the answer to why it isn't."

FARM INCOME OFF 13 PER CENT - Texas farm income thus far in 1956 has slid 13 per cent from last year.

Inadequate moisture was the major cause.

Prices were off only three per cent. Therefore, most of the drop came from smaller marketings.

State officials took note of the farmers' worsening plight. Gov. Allan Shivers announced the U.S. Dept. of Agriculture has approved extension of the emergency drought feed program for 64 counties.

A request for direct payments to enable drought-hit farmers to purchase hay on the open market was turned over to the state defense and disaster relief office. It came from the Texas Farm Bureau president who said the present federal program is inadequate.

John White, state agriculture commissioner, said the state's rural economy, in many areas, is in the final stages of collapse. Ghost towns are in the making in the heart of some of our richest agricultural lands, he said.

Last week's widely scattered rain brought only temporary relief to some Southwest Texas areas, reported the Agricultural Extension Service. In most sections, said the service, drought is spreading. Result: feed crops are being lost and livestock sold off in large numbers.

CREEK DAMMING COMPLAINTS - Continued complaints of creek damming were reported by the State Water Board last week as evidence of Texas' mounting water troubles.

One of the most critical areas now is at Llano, said the board. Irrigators were asked to limit their withdrawals from the nearly dry Llano River.

Communities along the river have priority, said the board. Some, such as Junction and Llano have said they have only a 30 to 60 day supply.

Other areas from which complaints of damming were sent to the board included Wolf Creek and Groesbeck Creek on the Red River, Blanco River in Blanco County, Caney Creek near Bay City, and Elm Creek in Midam County.

Meanwhile, the Water Board had another problem. After a 12 day recess, hearings were to resume Tuesday in the Canyon Dam controversy. San Antonio's request for water from the proposed dam is vigorously opposed by nearby rural communities.

Poage Praises OCBA For Upping South Texas Allotments

A review of a successful year of activities and an address by W. R. Poage of Waco highlighted the annual membership meeting of the Old Cotton Belt Association of Texas at Rosebud, recently.

Poage, vice-chairman of the House Agricultural Committee praised the organization in its efforts which resulted in getting more acreage allotments for cotton farmers in Central, South, and East Texas.

High points in the legislative and policy committee's resume of activities for the foregone year presented by J. V. Stiles, chairman, included:

Made a complete analysis of cotton acreage histories; endorsed support of Poage's cotton bill; prepared an outline for discussion of points covering cotton allotments; met with a number of congressmen on several occasions to present the farmer's acreage

CAMERON LEADING NEWSPAPER SINCE 1860

problem; supported Refugio county farmers in their protest of a new grower obtaining a 1,697.5 acre allotment; and requested a rehearing in the case; through education of farms of different production of farms of different productive abilities such as dry farm allotments with irrigation allotments; obtained hearings from time to time as to the policy of the A. S. C. committee and made recommendations in an attempt to correct past problems; contented and will continue to present date favoring a state reserve of 10 per cent to be used for small farms and to correct hardships and inequities, with none for trend; and recommended to change the allotments from an acreage basis to a unit basis and that consideration be given in price supports for normal sized farm units.

Routine Explained For Making War Survivor Claims

Four suggestions to aid Texas survivors of deceased veterans in filing claims had death compensation and pension were offered today by Dr. George T. McMahan, manager of the Waco Veterans Administration Center.

Dr. McMahan said the Waco Center now processes new claims for death benefits under a recent VA decentralization program. Formerly, these claims had to be sent to Denver VA District Office for processing.

By following these four suggestions survivors will expedite the

payment or rejection of claims, Dr. McMahan said. The hints are, 1. If the veteran's death certificate does not contain a statement as to the cause of death, it should be accompanied by a certificate from the attending physician showing the dates of treatment and cause of death.

2. A widow filing a claim should furnish the record of her marriage to the veteran. If she or the veteran were previously married, she should furnish copies of death of divorce certificates to establish that previous marriages were dissolved.

3. If minor children are among the survivors, birth or baptismal records are required, containing the names of both parents and date of birth. If the children were adopted, a copy of the court order of adoption is needed.

4. Parents filing a claim must establish their relationship to the veteran by furnishing VA with a certified copy of the veteran's birth or baptismal certificate containing the names of both parents and evidence of their dependency.

Dr. McMahan said this evidence is required by the laws governing compensation and pension payments.

Luther Pittman In Dew Logistical Move To Arctic

Army PFC Luther L. Pittman, 25, son of Mr. and Mrs. John Pittman, 780 W. 19th St. Cameron, is scheduled to depart from Seattle this month for the Arctic to take part in "Project 572-West."

The project will carry supplies and equipment to distant early warning (DEW) radar stations in the northern regions of Alaska and Canada. Because of ice and weather conditions, the DEW bases can be re-supplied only during the short Arctic summer.

Pittman is a craft crewman with the 519th Transportation Battalion's 573d Company. The unit is expected to return to its home station at Fort Eustis, Va., in October.

THURSDAY, JULY 19, 1956

Pittman attended Texas Southern University and entered the Army in November 1954.

Ask yourself these 6 questions before buying a low-price car—and you'll switch to Plymouth!

(There's a 118% increase in the number of people who are switching to Plymouth from other makes!)

 1 How does performance compare? Plymouth holds official NASCAR records for speed in its class (124 mph); acceleration, all stock cars (82 mph).	 2 Which low-price car is biggest? Plymouth wins again, inside and out. Roomier, longer, heavier. More trunk space. More everything.	 3 Which is easiest to drive? Plymouth's the only low-price car with positive, mechanical Push-Button Driving. Touch a button. Off you go.
 4 And how about styling? No contest here either. Plymouth's really new, while other low-price cars look about the same as last year.	 5 Which leads in safety features? More than ever—Plymouth. New seat belts, door latches, headlights. Plus many exclusives, like Safety-Rim wheels.	 6 Okay, where's the best deal? At your Plymouth dealer's now. You'll get a generous trade-in allowance and money-saving financing. See him today!

PLYMOUTH costs less

From the day you buy it...through all the years you own it...you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.

★ News From Milano ★

MRS. DAN ROBINSON

The fellowship supper at the Methodist Church Tuesday night was well attended. The Reverend Richard Spinn gave the devotional after which supper was served. The evening was spent in conversation and singing. Many of the young people took part in the entire program.

Mr. and Mrs. Howard Manley of Temple were guests in Milano Thursday as guests of their mother, Mrs. Dan Robinson. The entire family drove to Caldwell to visit Mrs. Maude Hill who was found to be improving in the hospital.

The revival at First Baptist will begin Saturday night the fourteenth. The pastor Rev. Claud Ellis is asking all denominations to come

and join in the services. Mr. and Mrs. S. W. Taylor of Houston were in Milano last week visiting with their many friends.

Mr. and Mrs. Ernest Self were here Sunday for the Haddox-Hayman wedding.

Visiting in the home of Mr. and Mrs. Asa McGregor last week were Mr. and Mrs. Jack Hood and daughter and sister-in-law of Florida. Mr. and Mrs. Ray McCaully and three children of Smithfield, Mr. and Mrs. Hulen Bush of Houston Mr. and Mrs. Carl McKnight and Jerry of Caldwell, Mr. and Mrs. Wendell Kirk and two children of Lake Jackson, Miss Pat Kirk and Bill Nicholson of Houston.

Mrs. Alfred Jistel and children of Dallas spent last week here with her mother, Mrs. Maggie Miller.

Mr. and Mrs. Jimmie Haddox of Hearne attended the wedding of their cousin.

Mr. and Mrs. Hazelwood and son of Houston spent the weekend here with her parents, Mr. and Mrs. Dudley Battle.

James Brewer of Waco is here for a visit with his grandparents, Mr. and Mrs. Elbert Westbrook.

Mrs. W. F. Hooper is home from the hospital and improving nicely. She had fallen at her home and broken her leg two weeks ago. Her daughter, Mrs. Gysell Burdick of Houston is here with her. Mr. and Mrs. Asa McGregor were visiting in Caldwell Thursday with Mr. and Mrs. Carl McKnight.

Mr. and Mrs. Charles Talbott have returned home from a two weeks vacation in Mexico City and parts of South Texas.

Mrs. Clyde Pinkerton and daughter were visiting with her sister in San Antonio last week.

Glenn Jones, M. Randolph and Wilson Kuykendall of Cheerokee were recent visitors in the home of Mr. and Mrs. Dudley Battle.

Alton Thomas left Friday for Temple where he will enter McCloskey Hospital for treatment of a sprained back.

Miss Ann Luce is in Ziegler Hospital in Galveston. She is doing very nicely and hopes to be home soon.

Mr. and Mrs. Porter Rice and daughter of Fresno California visited Milano last week. They left here several years ago but still call it home.

Jesse James Comes Home To Campaign

State Treasurer Jesse James today personally brought his campaign for re-election to the voters of Cameron, his old hometown.

James, who is conducting an extensive statewide tour in behalf of his candidacy, spent several hours on the streets of this city shaking

hands and discussing his record and platform with local citizens. While here he also visited with many friends of long standing. While here he also visited with many friends of long standing.

"I am conducting a clean campaign based on my record of proven service, experience and accomplishment as State Treasurer," James stated. "My platform, as it has always been is economy, efficiency and courtesy, supported by a proven record of honesty, integrity, ability and fairness to all."

In commenting further on what he termed his "proven record of accomplishment," the State Treasurer singled out three facets of his record for particular attention. As State Treasurer, Jesse James has handled and fully accounted for over \$8 Billion of the people's money, as proven by State Auditor's reports. "Every penny of the people's money accounted for," he emphasized.

Through efficient administration during a period of constantly rising prices, Jesse James had reduced costs per dollar handled by 48.9 percent.

Income on depository interest earned was \$105 Thousand per year when he became Treasurer; now it is almost \$2 Million annually - an increase of almost 2000 percent under James' administration. This profit is now over seven times the cost of operating the State Treasury.

Put Safety Into Vacation Plans Says McFadden

"Put safety at the head of your list in planning that vacation trip!" "Too often vacation trips are planned without any thought for safety on the road, and often what starts out to be a pleasure trip ends up as another traffic calamity," said E. C. McFadden of the Texas Safety Assn.

He said that the best way to keep out of danger on the vacation trip is to plan certain basic safety measures, and to stick to them. These safety measures are (1) control of speed, (2) keeping the car safety-checked and in good condition at all times, (3) scheduling your driving for daytime hours and allowing for occasional breaks to minimize fatigue, and (4) obeying traffic signs and signals.

"If a driver starts out on the road fully determined to follow these common sense rules to protect himself and his family in highway traffic, there is little doubt that his vacation will be safe as well as fun," McFadden said.

"Safety is a give-and-take proposition," he said. "If you want the other fellow to do right by you on the road, you've got to do right by him."

Although the first official Navy uniform was adopted by the Continental Congress in 1776, it was not commonly worn, as few officers could afford a complete outfit.

Texas School Lunch Funds Up 22 Percent

Texas public schools will get about 22 percent more funds from the U. S. Department of Agriculture than last year to serve noon-day meals under the National School Lunch Program.

The increase of \$853,453 brings the total to \$4,686,808 for the coming school year.

This announcement was received today by Dr. J. W. Edgar, Commissioner of Education, Texas Educational Agency.

First quarter allocation of this money will be made to Texas' 10,000 schools, according to John J. Slaughter, chief, southwest food distribution division, Dallas.

This office of the Agricultural States in this region on the National School Lunch Program.

Slaughter explained that the 22 percent increase in the Texas allotment was the result of an increase of \$16,700,000 over last year's appropriation by Congress.

Federal funds are shared by the states on the basis of the number of children between the ages of 5 and 17, inclusive, and the need for assistance in the state as indicated by the relation of the per capita income of the United States to that of the state.

Slaughter praised the Texas Educational Agency for the way it has developed and administered the school lunch program.

Gypsum, Peach Films On Humble TV Show

Interesting films of the mining and processing of Gypsum will be featured next week on The Humble Company's TV program, Texas in Review. Viewers will see how gypsum is made into plaster and wallboard in a big gypsum

plant at Sweetwater, and pictures of other gypsum plants at Acme, Hamlin and Rotan.

Texas' biggest peach shipper, Matt Ward, will be shown at work in Gilmer. The film will show how more than 50,000 bushels of peaches are picked, mechanically sorted and shipped to various parts of the country.

Other films will include a profile of a typical cattleman, W. T. Bonner of Gainesville and a tour of a new extract plant in Austin.

O. G. Tumlinson Succeeds Jahn On FHA Committee

Otto G. Tumlinson, Route 1, Cameron, Texas, was appointed to the Farmers Home Administration committee for Milam County this week, Roy M. Wright, County Supervisor, announced today. The

appointment was made by Walter Las.

The new committeeman operates a 900-acre ranch near Cameron and has been connected with Agriculture all of his life, either as a professional agriculturist or as a practical farmer-rancher. Mr. Tumlinson succeeds Frank J. Jahn of Burlington whose term expired this year.

The other two members are A. Ralph Avrett, Route 2, Thorndale and James A. Mann, Route 2, Buckholts, who are both practicing farmers in the community.

The committee determines the eligibility of local farmers who apply for Farmers Home Administration loans. They also certify as to the value of farms being purchased or improved through Farmers Home Administration loans, and make recommendations on loan approvals and loan servicing actions. Advice of the committeemen is sought on good farm management and on the re-

financing of Farmers Home Administration loans when borrowers build up enough equity in their property to get credit from local banks or other lenders.

The county supervisor relies upon the advice of the committee in connection with all types of loans. These include farm operating loans, loans to buy, improve, or enlarge efficient family type farms in this area, and loans to establish and carry on approved soil and water conservation practices, including improving permanent pastures, terracing, soil erosion measures, farmstead water systems, irrigation, drainage, and many other conservation practices.

Most payload of the low-priced 3... DODGE pick-up

...most V-8 POWER too!

Get Your Dodge Dealer's Deal Before You Decide!

Your best buy is Dodge... and we can prove it!

Maybe you've had your eye on one of the other two makes of low-priced trucks. But why settle for second best when Dodge is in the same price class? After all, Dodge leads in the features that truck owners look for:
Most Payload! Dodge hauls up to 375 more pounds of payload per trip. It carries the extra weight you'd have to leave behind if you were driving another truck. Saves trips as well as cash.
Most Power! Dodge gives you up to 17 more V-8 horsepower than its competitors. You get the brawn you need for tough hauling jobs without engine strain.
Easiest Handling! You breeze in and out of the tightest traffic or parking spots because Dodge is the sharpest turning truck of all. Try it! It's the most comfortable riding, too.
And when you add to these advantages the biggest brakes in the field and the roomiest cabs, plus famous Dodge economy and dependability, you see why we say: Check Dodge before you decide. Come in and let us show you the facts... we'll prove Dodge is your best truck buy.

Whitesox Continue Whitewash Sreak Beating Braves 9-0

The White Sox beat the Braves 9-0 for their second whitewash in a row last Friday night.
The stage was thus set for the showdown game between the White Sox and the Yankees next Tuesday night, July 17, as they both scored impressive wins in the final fifth.
Patterson, the star pitcher for the White Sox, struck out seven Braves and did not walk a batter as his control was nearly perfect.

Lone Star Unit
Honors Shivers
On Governor Day

Gov. Allan Shivers received the 49th Armored Division's highest Tribute here Saturday.

Some 1,000 combat vehicles, trucks and jeeps paraded past and saluted him in the division's annual Governor's Day mounted parade.

The 10,000 Guardsmen of the "Lone Star" unit, training here for two weeks, roared past a stand swirling trails of powdery dust behind them.

Some 1,000 guests of the division, including state senators and representatives, mayors and city councilmen where 49th units are based and other Texas military "brass" watched the Tankers perform the true armored tradition.

Major Gen. Albert Sidney Johnson of Dallas, 49th Commander, led the 2-hour parade of clanging steel, shaking bolts and spinning tracks past the reviewing stand and adjoining bleachers.

The division's aviation section, under command of Capt. Willis Horton of Fort Worth, flew low over the reviewing stand, dipping their wings at the waving governor.

In this order, the 49th's major commands gave their salutes to Gov. Shivers:

Division Troops from Dallas and East Texas; Combat Command "A" from Fort Worth and North Texas; Combat Command "B" from Dallas and East Texas; Combat Command "C" from Houston and South Texas; Division Trains from major cities in North and Central Texas; Division Artillery from Wichita Falls, Temple and Central Texas.

The 49th Band conducted by Chief Warrant Officer Hal J. Gibson of Dallas received the Eisenhower Trophy, awarded yearly to the top National Guard company-size unit in Texas. The 49th Military Police Company from Austin placed second in the competition.

Following the parade, friends and families of the Guardsmen ate lunch in company mess halls as the units held open houses for their town folks.

The review ended the first week of rigorous training for the Guardsmen who were given the weekend off. Next week it will be four days of field problems under realistic combat conditions. The tankers will return home to their civilians jobs July 22.

Ice Guards
Guards From
Heat Prostration

It was hot, unbearably hot, for some 10,000 members of the 49th Armored Division in training for two weeks but salt tablets, an abundance of water and a few tricks were helping the Guardsmen beat the weather.

The supply house of the 49th, the 249th Armored Quartermaster Battalion from Austin, reported that ice requests from units "were more than could be handled."

Some guardsmen were hauling ice out of their refrigerator units and sitting on the huge cakes for a refresher. Others, when the supply ran low, drove into nearby Gatesville to replenish the stock from commercial ice houses.

Infantrymen, firing for qualification badges in the 100 degree plus weather, and predictions of more to come found a new use for ice water in their canteens. Most of them poured it over their heads rather than drinking it.

The "ole swimming hole" is being used on a rotation basis so ing usd on a rotation basis so everyone gets a chance to cool off.

The only air-conditioned building is the post theater, and is another popular after duty stop.

The heat apparently has not soaked the spirit of the Guardsmen. Sample reports from unit commanders indicate that morale was never better.

4-H Club Notes

By Lester Byrd,
Ass't. County Agent

We have made plans to have our County Swine Tour, Friday, July 20. Those who are interested and would like to make the tour, should meet at the Cameron Post Office at 8:00 a.m.

We will visit our county Sears swine program and some of our swine breeders here in the county. We welcome anyone who is interested.

Monday night, July 9, a group of 4-H Club members and adult leaders met in Cameron to make plans for a county 4-H club camp.

The group voted to have one day camp at Ledbetter Park in Cameron, August 2. They thought we could have more people to attend if we had the camp here in the county.

The group appointed a Foods and Program Committee to make final plans for the camp.

Wednesday, July 11, the Ass't. Agent visited Harry Goetz's and Gus Schramm's Sears gilts in the Thorndale Community.

Gus has a gilt that he got from Alton Moraw of Cameron. He is doing a good job developing the gilt and he has built a good shed and hog wallow for her.

The wallow is made of four rail road cross-ties with about 6 inches of sand in the bottom. He wets the sand in the morning and it will stay moist all day. The wallow is built on one end of his shed so it will be shaded in the heat of the day.

Some club members who have built wallows of this type and have water piped to the pen will put a cotton sprinkler on a hose or pipe and let it spray on the hogs. A shade should be over the wallow if it is built in the pen.

Harry Goetz got his gilt from Jeanette Fuchs of Buckholts. The gilt is an offspring of the sow that won the Sears District Show at Waco last year. The gilt is doing good. Harry had hauled some sand to make a wallow for his gilt but he did not put anything around the sand to hold it in place and the gilt would not lay in it. He is going to fix it right because the gilt will sure need a cool place the next month or two.

Eldon Schonhoef and Joseph Futschik, of the Burlington 4-H Club, will give a demonstration on Controlling the Pecan Nut Case-bearer at the District 8 4-H Camp in Brownwood the night of July 16. They have been working on the demonstration all week. We think they will do a good job since they have shown so much interest they have shown so much interest

Monday, July 9, the Ass't. Agent helped the County Agent run six terrace lines for Mr. Fred Folschinsky of the Ben Arnold Community.

Thursday night, July 12, the County Agent and Ass't. Agent met with the county Farm Bureau Board of Directors. Mr. Jungman of Buckholts, Chairman of the pig committee for the Farm Bureau,

made a report on the two Farm Bureau gilts.

The two winners of the gilts have had some bad luck in raising their pigs this year. Geraldine Abel of Buckholts let her gilt get too hot and then poured water on her and it killed the pig. This is one reason why a good hog wallow is important. The Farm Bureau will replace the gilt for her.

Jim McCollum of Burlington, is turning his gilt back to the Farm Bureau. We are planning to help them place a gilt with another Farm Bureau family here in the county.

Broilers Become
Big Business As
Billion Topped

Farmers produced well over a billion broilers in 1955, compared with only 143 million in 1940. Their value was over 10 times the \$72,000,000 grossed by the 1940 broiler producers. Production in Texas in 1955 was 79 million birds valued at \$60,411,000.

It used to be that chickens for eating were produced for the most part in fairly small farm flocks, mainly as a byproduct from egg production. But in the past decade and a half, broilers have become a mass production business. K. F. Schlamb, extension poultry marketing specialist, suggests that much of this change has been due to contract and other methods of financing.

Texas Company
Sponsors Fred
Johns At A & M

Fred T. Johns, teacher at Yoe High School, is one of thirty students who have completed the first six-weeks summer training institute for Texas High School Physics teachers sponsored by industry and Texas A and M College.

The institute was operated by the Department of Physics of Texas A. and M. College from June 4 to July 13, and expenses of students enrolled were underwritten by industrial organizations. These firms provided cash fellowships of \$250 to each student, which covered fees totaling \$46.50 and allowed a margin of compensation for loss of earnings during the training period.

John's fellowship was furnished by The Texas Company.

Directed by Dr. J. G. Potter, Head of the Department of Physics of Texas A. and M. College, the institute was designed to increase the number of qualified teachers of physics available for Texas high schools. Applicants were required to be employed science teachers of public schools, science teachers of public schools, with backgrounds of mathematics and science.

Industrial organizations included among the underwriters of the training institute were: Aluminum Company of America, Phillips Petroleum Company, The Texas

Company and Texas Power and Light Company.

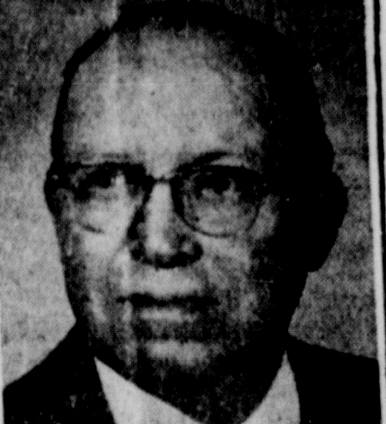

Completion of the course allows teacher-students to be credited with six hours of graduate credit applicable on advanced degrees.

Teachers taking training in this first institute, and their home school systems, were:

Wesley C. Collier, Hearne; Mrs. Dorothy R. Goodman, Bryan; Thomas J. Hickerson, Rosebud; Fred T. Johns, Cameron.

TWO
CHAMPIONS
OF THE
ROAD...

both Chevrolets!

To the eye, the new Corvette and the new Chevrolet are far different. But these two champions have one superb quality in common—both were born to cling to the road as though they were part of it!

Chevrolet's astonishing roadability is a big reason why it's America's short track stock car racing champion. It can and does out-run and out-handle cars with 100 more horsepower. When you wed rock-solid stability to superb engines such as the 225-h.p. V8 that flashed the Corvette to a new American sports car record—then you get a real championship combination. Stop by for a sample!

America's largest selling car—
2 million more owners than any
other make.

THE CAMERON HERALD
Charles W. Crawford
Free, White And 21

Charles W. Crawford, 21, son of Mr. and Mrs. T. A. Crawford, 906 E. Gillis and now employed at Hefley-Stedman Motor Company came into the Herald Monday morning to complain about the similarity of his name to that of Charles A. Crawford, now languishing in jail in Austin and under indictment in Milam County on one of more than thirty counts of burglary all over the state and half of Georgia according to county Attorney Bob Nelson.

Young Crawford was not disturbed a the "kidding" he had been getting but at those who were apparently serious in inquiring whether or not the "Charges were true."

The innocent Crawford is truly free, white and 21 while the other man with the similar is not free, may be white and is over 21.

COUNCIL

City.

Cameron's half of the original purchase would be \$891 for the base station and one mobile unit. A second mobile unit installed

would be one-half of \$517.86 or \$258.93 and that amount for additional units.

Police funds at this time would defray the city half of the cost but it was felt wiser by councilmen to refer the matter to the police committee to study the upcoming budget and if funds were expected to be available for the purchase after further negotiations and advertisement for bids that the committee would be empowered to purchase the equipment. Securing of permits and agreements from FCD and FCC would be handled by the company and would be expected to take about six to eight weeks for approval, the Motorola representative said.

A resolution accepting the government offer of funds to pay for a survey by the Joe Rady Company of Ft. Worth on Cameron's water and sewer needs was passed. The loan has been in process since February application by the city. The Rady company will complete his report and deliver in person to the city on Tuesday, July 23.

The salary of assistant city secretary, Mrs. Alton Fuchs was set at \$140 per month and that of Warren McCall the newly hired relief fire truck driver and relief desk clerk in the police department

ment was set at \$175 per month. In other action of council advertisement for bids on a carload of pipe was ordered. The police department was given keys to a gasoline pump so that the new order to drive the police vehicle at least 100 miles per night in and out of the alleys and dark side roads of Cameron, could be compiled with on week ends when the pumps have been closed. The gasoline in the future will be charged to the general fund and then paid out of departmental funds according to the signed tickets.

Three letters from leading citizens of Cameron were on the desk of City Secretary Wieser commending the city on its aggressive garbage pick-up and the excellent work of its sanitary department.

The meeting was adjourned at 1 a.m. Wednesday.
